NOW IN AUTHORITY

**Administration of Papal Affairs
Conferred on Cardinal Ram-
polla by Pope Leo XIII.**

PONTIFF'S CONDITION IS SERIOUS

**Another Operation For the Extrac-
tion of the Serum Will in All
Probability Be Necessary.**

**It Is Feared By the Physicians That
Such An Operation in the Pa-
tient's Feeble Condition
Might Prove Fatal.**

Rome, July 17.—The Pope's condition Friday morning is even less satisfactory than Thursday morning and he was suffering from much uneasiness and difficulty in breathing until relieved to some extent by an injection of caffeine. A new crisis in the Pope's condition presented itself Thursday morning, when the doctors were confronted on the one hand with the apparently imperative necessity of another operation and on the other hand with the danger that such an operation in the patient's enfeebled condition might prove fatal. This dilemma was canvassed by Dr. Laponi and Dr. Mazzoni throughout the day. At their earlier conference there was some prospect that the operation might not occur and the doctors left the sick room without arriving at a definite determination as to when it would take place. They expressed the belief, however, that a delay until Friday would serve a useful purpose in permitting a larger extraction of serum in case the operation was undertaken.

Meantime the Pope continued in a state of great depression. Thanks to a fairly good afternoon's sleep the physicians were able to issue at 7:25 p. m. a bulletin showing that there had been no vital change in the normal progress of the disease, though the same serious rapidity of respiration as was noticed in the morning had again to be recorded. So painful had the latter become that one of those present in the sick room described the Pontiff as literally panting for his breath.

Later the Pope was sufficiently at ease to receive Cardinal Rampolla and His Holiness conferred on him the enlarged authority made necessary by the present illness for the executive administration of papal affairs. It is understood that one result of this action will probably be the speedy appointment of a successor to Mgr. Volpini, as secretary of the consistorial congregation.

Paris, July 17.—The Dix Neuvieme Siecle's correspondent at Rome, says that Dr. Laponi's son, who spread reports favorable to Cardinal Rampolla has been expelled from the Vatican by orders of Cardinal Creglia.

THE BORNEO ISLANDS.

**The Seizure of Them By America
Raises a Delicate Situation.**

London, July 17.—According to the Daily Chronicle the action of America in annexing the islands off Borneo raises an exceedingly delicate situation and the British foreign office has asked Washington for an explanation. The islands concerned, says the paper, are a group of seven originally belonging to the Sultan of Sulu, from whom they passed by a charter in 1881 to the control of the British North Borneo Co., whose officers confirm that they are undoubtedly British territory.

The American side of the question as given by the United States embassy, to the Daily Chronicle is that the islands are undoubtedly American by right of conquest, having belonged to the Philippines and the Sultan of Sulu having confirmed and acknowledged American supremacy over them.

The islands had never been occupied by any European nation and it is unknown whether Spain ever recognized that trading treaty which existed between the Borneo Co. and the inhabitants of the islands.

The Second Conviction.

Helena, Mont., July 17.—Martin Hidar, who was once found guilty of murder in the first degree in connection with the death of George Reeder, was Thursday convicted in the same degree in the Livingston district court.

A Terrible Mistake.

Birmingham, Ala., July 17.—W. B. McKinney, mine foreman at Belle Sumter, was shot and instantly killed Thursday by Bob Sawyer, a Negro.

MRS. BARTH DEAD.

**Succumbed to Her Wounds and the
Strange Case Ends.**

Louisville, Ky., July 17.—Mrs. Annie Barth, who attempted suicide last Saturday morning by jumping from a third-story window here because Mrs. Leona Sheehan, the woman she loved, had quarreled with her, died at 1:30 p'clock Thursday afternoon at the city hospital from the injuries received in the fall.

Mrs. Barth was 45 years old and had five children. The strange affection between her and Mrs. Sheehan, who is young and pretty, has attracted widespread attention here. The two women wrote ardent love letters, and discarded friends for one another. Mrs. Sheehan is now being watched for fear she will attempt to commit suicide.

Mrs. Barth's skull was not fractured by her leap to the pavement from the third-story window, and she apparently rallied from her injuries very rapidly. Thursday morning she was able to be up and to walk about. Her sudden death is said to have been caused by a hemorrhage of the brain.

TRIED TO SHOOT SOLDIERS.

**But the Jackson Woman Failed Be-
cause the Gun Was Unloaded.**

Jackson, Ky., July 17.—A warrant for Sandy O'Connor, for disorderly conduct, was given to two soldiers to serve, but when they went to O'Connor's daughter's house she drew a gun on the soldiers and pulled the trigger, not knowing the gun was unloaded. O'Connor is heavily armed and swears he will kill the soldiers. The soldiers are determined to take him if they have to shoot him.

At the suggestion of Provost Marshal C. W. Longmire the jail prisoners are being worked on the streets and Jackson is being given a general cleaning.

STORM AT OWENSBORO.

**A Heavy Rainfall Damages the To-
bacco and Corn Crop.**

Owensboro, Ky., July 17.—The heaviest rain in years fell Thursday morning in the Green river section. In some localities the tobacco and corn was beaten flat, especially in low sections. Farmers estimate the damage in thousands of dollars.

Lightning struck John Nave's barn, burning one horse. Damages \$1,000. Cane Hall in a barn on the Nantz farm, was struck by lightning and badly burned and the barn was greatly damaged. Water stood two feet in the bottom lands. The government gauge showed a rain fall of 2½ inches.

Shot the Deputy Sheriff.

Sergeant, Ky., July 17.—At Carr's Fork, Knott county, Thursday Robert Combs, a deputy sheriff, attempted to arrest John Kelley and Blaine Combs, who were disturbing public worship. Combs demanded their surrender, whereupon, it is charged, Kelley shot the deputy sheriff twice. The wounds will perhaps prove fatal. Kelley made his escape, though Blaine Combs surrendered.

Big Catch of Moonshiners.

Sergeant, Ky., July 17.—Deputy United States Marshal Arch Sergeant and other deputies arrested 10 moonshiners in Southern Letcher county Wednesday and Thursday took them to Whitesburg. This is the largest number of moonshiners apprehended in years. Most of them will be sent to Catlettsburg for trial.

A \$25,000 Fire at Greenville.

Greenville, Ky., July 17.—Fire did \$25,000 damage here. Starting in Mayer's drug store, it spread to Kessler's drug store, the Muhlenberg county savings bank, the Cumberland Telephone Co. and the Reno hotel building. The post office was damaged. Several were slightly injured while fighting the fire.

Two Brothers in Jail.

Independence, Kan., July 17.—John Nelson and his brother, Judge D. B. Nelson, of Kentucky, are in jail. John Nelson was convicted of killing Albert Norris, at Coffeyville. Judge Nelson is charged with having aided his brother in escaping.

Chicago, July 17.—McChesney will meet Water Boy, the eastern crack, in what practically amounts to a match race July 22 at Brighton Beach.

TICKET SELECTED.

**Morris B. Belknap, of Louisville,
Nominated For Governor of
Kentucky by Republicans.**

J. B. WILHOIT LIEUT. GOVERNOR.

**Ex-Gov. Bradley Though Not a Can-
didate For the Office Received
the Next Highest Vote.**

**The Platform Adopted Endorses the
Administration of President Roose-
velt and Denounces Assassina-
tion and Lawlessness.**

Louisville, Ky., July 17.—The republican state convention Thursday evening nominated the following ticket: For governor, Morris B. Belknap, of Louisville, lieutenant governor, J. B. Wilhoit, of Ashland; treasurer, John A. Black, of Barbourville; auditor, Geo. W. Welsh, of Danville; attorney general, W. M. Beckner, of Winchester; secretary of state, J. C. Speight, of Mayfield.

A second day of picturesque political maneuverings in the state convention of the Kentucky republicans failed to culminate in the final grand surprise of a winning dark horse, whose coming had been hinted at and whose followers during Wednesday's sessions set the political managers to guessing. Col. Morris B. Belknap, of Louisville, a wholesale merchant, widely known throughout the country, received the nomination for governor on the first ballot. His delegates, contrary to predictions, stuck to him, though how much of their tenacity can be charged to the announcement by Gov. Wm. O. Bradley that he was not a candidate can only be conjectured. Mr. Belknap was nominated after an enthusiastic supporter of Mr. Bradley had placed the former governor in nomination, and the followers of Augustus E. Willson had tacitly withdrawn the man supposed to be Mr. Belknap's nearest competitor, by failing to present his name. The threatened stampede to Bradley was quelled in an emphatic declaration that he would not be a candidate, but for some unknown reason the convention officers called his name during the ballot and he received a greater number of votes than Clifton J. Pratt, who had made an active canvass.

The resolutions which were adopted are in part as follows: "We congratulate the people of the United States and its new possessions upon the unparalleled prosperity in the nation under policies that have maintained the public honor, fostered industry, stimulated enterprise, extended American commerce, strengthened American influence and ennobled citizenship by giving security of labor and capital alike, and insuring to every man who works a standard of living and an expectation worthy of American civilization and civic sovereignty. We stand for the continuance of existing republican financial and tariff policies.

"We express highest appreciation of the record that President Roosevelt has made in continuing the great work begun by William McKinley and himself dealing with the new problems that he hopes to solve, in his handling of the Philippine question, in his firm management of the Venezuelan crisis; in his wise and courageous course with reference to the anthracite coal strike; in his honest efforts to secure justice to Cuba; in his zeal for the Panama canal; in his vigorous demand for official purity and honesty and punishment of the corrupt and dishonest; in his resolute stand against the closing of the Chinese ports to our trade; in the success achieved by his practical efforts to enforce the law against unlawful combinations and in the encouragement he has given to the laying of a cable across the Pacific, which brings us into closer touch with the Philippines than we were with the Louisiana territory or with California when acquired. He has shown himself a strong executive, as he is an ideal citizen and we heartily and enthusiastically are in favor of his nomination for the presidency in 1904.

"We denounce assassination and lawlessness, whether in Serbia or Kentucky, as destructive of civilization, and call upon the enlightened intelligence of the state, through its legislative, executive and judicial agencies to employ remedies to re-establish order and punish crime within our borders.

"We especially arraign the present state chief executive for so exercising the pardoning power as to subvert political and partisan purposes, with the certain effect of encouraging crime by virtually rendering criminals of democratic political faith immune from punishment."

No reference to the money question was made in the platform.

MUST GO TO THE CHAIR.

**The Knapp Jury Brings in a Verdict of
First Degree Murder.**

Hamilton, O., July 17.—A verdict of murder in the first degree, without recommendation of mercy, which means death in the electric chair, was brought in by the jury in the "Strangler" Knapp case at 7:35 Thursday morning. The jury had been out since 5:05 Wednesday evening.

The first ballot on Knapp's guilt is said to have stood 11 to 1, the second was 8 to 4, the third 10 to 2, and the next 11 to 1. At midnight the jurors stopped and amused themselves by telling yarns and jokes, and at 4 o'clock they began arguing with the solitary juror, who finally agreed with them at 4:30 Thursday morning.

It is said Juror Warwick was the juror who held out for a recommendation for mercy, but finally agreed with the majority.

Knapp received the verdict coolly, but paled visibly as he heard his doom. The verdict was a complete surprise to him, as he felt sure he would not get a death sentence. Only Wednesday he bet 25 cents with a fellow-prisoner at the jail that he would escape the death sentence.

A motion for a new trial will be made on Saturday. Knapp was on trial for the murder of his wife, Hanna Knapp.

JEWISH PETITION.

**The Russian Government Will
Not Receive It Nor Con-
sider the Matter.**

CABLEGRAM FROM MR. RIDDLE.

**To Him Was Committed the Delicate
Task of Making the Inquiry
at St Petersburg.**

**It Is Believed This Will End the Mat-
ter and That No Further Steps
Will Be Taken By the United
States Government.**

Washington, July 17.—It was learned Thursday night that the state department had received a reply from Russia stating that it neither would receive nor consider the matter of the Jewish petition on the subject of the Kischineff incident. This information came in the form of a cable dispatch from Mr. Riddle, American charge at St. Petersburg, to whom was committed the delicate task of inquiring of the Russian government as to its attitude with respect to the presentation of the petition.

It is believed that this will end the matter and that no further steps will be taken by this government to bring the views of the petitioners to the attention of Russia, although as yet no consideration has been given by the president to the course to be pursued in the light of Russia's response to our inquiry.

The reply that Russia would make to all suggestions on the subject of the Kischineff massacre was forecasted some weeks ago in an authorized statement when the public was definitely informed that Russia regarded the affair as an internal matter as to which she, in the exercise of her own sovereignty, must refuse to receive suggestions from any other government or outside source.

THE MANCHURIAN QUESTION.

**It Has Been Settled Satisfactorily to
the United States.**

Washington, July 17.—The Manchurian question has been settled satisfactorily to this government. Assurances have been received from the Chinese government that it will in the near future open as treaty ports several ports now closed to the world's trade. The Russian government has conveyed formal assurance to the United States government that it will not in any way oppose such opening.

While the ports to be opened are not yet specified, it is gathered from the communications received that they are Moukden, the principal inland port of Manchuria, and Ta Tung Kao, at the mouth of the Yalu river. The state department is highly gratified at this outcome, feeling that it has secured not only for American commerce, but for the commerce of the world, a very substantial gain.

NEAR DEATH'S DOOR.

**Abner McKinley Critically Ill at His
Home, Somerset, Pa.**

Somerset, Pa., July 17.—Abner McKinley, brother of the late President McKinley, is critically sick at his summer home. The physicians attending him are much alarmed and reports are that Mr. McKinley is not far from death's door. It appears that Mr. McKinley's illness did not assume a serious form until Wednesday. Thursday, however, a pain attacked the back of the patient's head, rendering him helpless. That it was a paralytic stroke is the grave fear. His relatives have been sent for.

Cuban Treaty Ratified.

Havana, July 17.—The senate Thursday ratified all the treaties with the United States excepting the Platt amendment treaty. The foreign relations committee has not yet prepared its report on the permanent treaty but will do so soon.

The Winchester Democrat says when a girl writes her name "Mayme" or "Mai" she puts a label upon herself that contains the word "cheap." She may be sensible in some respects, but no one seeing the label will believe it. The "Maise" and "Maymes" are not good daughters, and they will not make good wives. They are silly, irresponsible and romantic.

SPRAYING MADE EASY!

We carry two styles of the Lowell Sprayer. They are the handiest devices ever invented for applying Paris Green on tobacco and other plants. One is an air pressure, one that works automatically—pump it before you start and then pressure of your thumb controls it. Be sure to see these sprayers if you have not already inspected them.

SPECIAL PARIS GREEN

We carry an extra fine brand of Paris Green for tobacco plants. Goes farthest and does most. Costs no more than the other kind.

Thos. J. Chenoweth, DRUGGIST,

Cor. Second and Sutton Sts., Maysville, Ky.

The capital stock of the Dover Brick & Tile Co. will probably be increased and new and more powerful machinery installed.

Arrangements are being made by the Mason County Mutual Telephone Co. to put in a switchboard at Minerva for the benefit of the Dover line. The plan has been tested by a temporary switch, and it works well. The Dover line is overburdened with 'phones and something had to be done to relieve conditions. It is also the intention of the company to run a new line from Tuckahoe to Dover, which will greatly improve the entire system in that end of the county.

Away Ahead of Schedule!

At the death of an eccentric citizen in an Ohio village it was learned that he himself had written out and entrusted to a marble cutter the legend that was to be graven on his tombstone. When the lettering was completed the villagers all went out to view the epitaph, and this is how it read:

I EXPECTED THIS,
BUT NOT SO SOON

It is the same way with these 10c., 12½c. and 15c. Lawns that we are going to put on sale Friday at one price of 7½c. per yard, and the Mercerized 19c. Lawns at 12½c. per yard. We expected to sell what was left of them cheaper some time this summer, BUT NOT SO SOON. We have a reason. The goods and the prices are what you are after. Leave the reason to us.

MRS. J. JAMES WOOD.

Death Claims This Noble Christian Woman
at an Early Hour This Morning.
Funeral Sunday.

Mrs. Letitia Whiteman Wood, wife of Mr. J. James Wood, died this morning at 3 o'clock at the family residence on Forest avenue. She had been ill seven months, suffering from disease of the stomach, complicated with other troubles, which baffled the skill of medical science and the most tender and devoted care of loved ones.

Mrs. Wood was a daughter of the late Thomas Y. Payne and would have been sixty-three years of age the 25th of this month. She was a native of Maysville, was a devoted wife and mother, a noble Christian woman, loved by all who knew her. Her husband survives, with two sons, James B., of this city, and Joseph T., of Pittsburgh, and three daughters, Mrs. L. K. Parry, Miss Letitia and Miss Mary Wood, all of this city.

The funeral will take place Sunday at 3 p. m. at the family residence, Rev. Dr. J. C. Molloy officiating, assisted by Rev. Dr. Waller. Interment in the Maysville Cemetery.

Threshing is about finished in this county.

News was received here Thursday of the death of Mrs. Lucy Clayton, a former resident of this city, at Zenia, O., where she had for some two years been making her home with her son Thomas. She leaves four sons and three daughters—Messrs. Thomas, Gaines, Jeff and Robert Clayton, and Mrs. Henry W. Rasp, Mrs. Lizzie Clark and Miss Anna Clayton, the latter of Cincinnati.

The remains of Dr. Paris Wheeler, an account of whose suicide at Cincinnati was given in Thursday's issue of the BULLETIN, are expected here to-day on the 1:36 train, and will be taken direct to Shannon Cemetery for burial. The unfortunate man was found dead in bed at the College Hill Sanitarium Thursday morning, having shot himself in the mouth.

The thirty-eighth annual convention of the Kentucky Sunday School Association will meet at Lexington August 18th, 19th and 20th. Prof. E. O. Excell, of Chicago, the composer, will lead the music. Each school is entitled to one delegate for each 100 pupils or fraction thereof; each county to ten delegates at large, all ministers, being ex-officio delegates. Delegates will be entertained free upon enrollment and the payment of \$1 to the Entertainment Committee.

Mr. Hickman P. Childers, who is here gathering statistics for the U. S. Census Department, pays a high compliment to Mason County officials and the county's excellent financial system. He says he has not found a county anywhere that has a better system of managing its finances. It required only a few hours work on his part to collect the statistics showing the expenditures the past year, and for what purpose the money was paid out, the reports to the Fiscal Court giving all the desired information.

Mrs. Byrd McQuillen Alloway and handsome little son, Warder, of Newport, recently visited the family of Mr. and Mrs. William Ball, of Lewisburg. Mrs. Alloway is the great granddaughter of Mrs. Louann Warder Ball, who resides with her daughter, Mrs. William Ball, of Lewisburg. Her little son is Mrs. Ball's great-great-grandchild. The many friends of this venerable old lady congratulate her on being spared to be present at this unusual meeting. There is no more worthy or beautiful Christian character throughout the whole county than that of this venerable lady.

BARKLEY'S

AESOP UP TO THE MINUTE

An Elephant, a Lion and a Mosquito sat in a shady nook overlooking Market Esplanade, discussing Brick Streets and other topics of the day.

"I want to impress upon you," remarked the Elephant during a lull in the conversation, "I am the biggest and wisest, and what I say goes."

"Indeed," roared the Lion in a voice that hushed the murmur of the fount in the square below, "where do I come in? I'm stronger and more active than you are

and can best you in a rough and tumble fight."

"Cease your quarreling and listen to me," boasted the mosquito. "I am not as big as you are but when it comes to making life miserable for the Human Race, me and my cousin Shoo Fly have you both beaten a block."

The Lion's lip curled scornfully. "You could do all that once," he replied, "but you've been barred out. Folks are no longer afraid of you. The Window Screen has settled your fate."

NUMBER 33

Cutting a Prominent Figure at Present in Life of a Former Resident of Maysville.

[Portsmouth Blade.]

Prof. Frost, one of the city's most prominent music teachers, recalled to-day that the number thirty-three cut quite a figure in his life. To-day closed his thirty-third year as a teacher, and in that time he has had 1333 pupils. Of this number thirty-three have adopted the profession of teacher, and thirty-three have died in the thirty-three years. He has in his time taught scholars in thirty-three towns and has to-day thirty-three pupils. Of the scholars he has had twice thirty-three of them have married.

According to the old adage that a man

looks as old as he feels Professor Frost says he feels younger and stronger. His weight is thirty-three pounds less than it was in 1870. His memory is better than it has been and he plays thirty-three compositions of his own and all from memory.

Jim Howard Declares War on a Postmaster.

Jim Howard, who is confined in the Georgetown jail pending the action of the Court of Appeals on his case before donning for life the convict's stripes for the assassination of Gov. Goebel, has opened up a correspondence with the Postmaster General with a view of removing Mr. James M. Wright from the very lucrative position he is now enjoying as postmaster at Temperance, this county. The very grave charge of not contributing to the assassination fund is made against Mr. Wright.

Many Ways to Improve and Beautify Your City.

[Exchange.]

We know of a small western city where the spirit of town improvement has become almost epidemic; not in the line of spending large sums of money for metropolitan accessories, but in the line of each citizen trying to make his home and his home surroundings just as attractive as possible. The work consists largely in tree planting, lawn making, the culture of flowers, the painting of buildings and the hiding as far as possible of all unsightly things, the good spirit having widened from a pride in the individual home to a pride in the appearance of the whole street and municipality. Every stranger says that must be a nice town to live in, and it is. The women of the town started the movement and educated the men.
